LinkedIn: https://www.linkedin.com/in/emile-girard-743b131a3/

Skills

Acquired
- Java
- C#
- GitHub
- Jira
- Spring Boot
- Docker
- JavaScript
- Database design SQL
- HTML
- CSS
- Mobile application Android
- Unity 2D

Familiar
- PHP
- C++
- Linux
- Azure SQL
- Mobile application IOS

Soft Skills
- Teamwork and Collaboration
- Customer Service
- Product Sales

Languages

French:

Native/ Bilingual

English:

Professional

Summary

Motivated Computer Science student seeking internship in [Area of expertise] to gain hands-on experience. Outgoing and friendly with strong drive to succeed.

Project

Fitness with Sarah *09/2023 – 02/2024*
- Analyzing requirements, designing, and implementing a web application for a personal trainer with a team of 4 people.
- Using a micro-service system architecture with GitHub, Jira, Java, Spring boot, Docker, React, HTML, CSS, Mongo DB

Pet clinic *09/2023 – 10/2023*
- Engineered a sophisticated web application for a Pet Clinic, focusing on developing an intuitive and efficient inventory system to streamline the management of medical supplies, ensuring optimal stock levels and facilitating smooth operational workflows.
- Using a micro-service system architecture with GitHub, Jira, Java, Spring boot, Docker, Angular, HTML, CSS, Mongo DB

Golf Game *01/2023 – 05/2023*
- Created a multiplayer top-down view golf game.
- Using Unity 2D and C#

Education

Champlain College

Third year student in Computer Science and Technology *05/2024*
Acquired foundational knowledge in programming, data management, and system analysis and more, emphasizing practical applications and software development across various technologies.

Collège Notre-Dame-de-lourdes *06/2021*
International program
